

Name	Dr Natasha Davison	
Statement	<p>Natasha has a unique, warm and engaging style of working with people, in which people are able to relax and do their best work to get the best results for them. She is caring, non-judgemental, and committed to people getting the outcome and results they are looking for, no matter what it takes.</p> <p>Natasha has worked as a psychologist within the Diamond Creek community since 2015. She is the owner and manager of Your Local Psychologist and has built 'Your Local Psychologist' into a thriving clinic. During this time she has had the privilege of helping hundreds of people resolve their issues and move forward to create a better life.</p> <p>In addition to being a registered psychologist for more than 10 years, Natasha is also an accredited results coach, a neuro-linguistic clinician, and a hypnotherapist. She is passionate about helping people in the shortest possible amount of time to get the biggest possible changes. Therefore she continues to seek and find new ways and methods to get transformational change for people, with the least amount of pain, in the shortest possible time.</p> <p>Natasha brings extensive life and work experience, and a deep level of caring and commitment to all people to have and create better lives for themselves.</p>
